## **Future Indexes to Chemical Age**

The continuing increase in the contents of the Chemical Age Index together with rising costs of production compel us, regrettably, to make a charge of 5/- per index from Vol. 79 (January to June, 1958) and onwards. All subscribers to Chemical Age who would like copies of future Indexes sent to them are asked to complete and return a form which this week will be posted to them. Should any not receive this form, they are asked to write to the Editor, Chemical Age, 154 Fleet Street, London, E.C.4.
